# DEDICATION

"A Wonderful Tribute to a Dedicated Man"

For 15 years, Mr. Art Leidenger has served his school and community as the Head Custodian of our Institution valued at more than 1 million dollars. Many people say, a school is as good as its custodian. Art has performed his job well, for our school is rated EXCELLENT.

We take this opportunity to extend the appreciation of many for the service he has rendered our school system, and to DEDICATE the 1970-71 Revonah to Mr. Art Leidenger.

## A MOMENT OF YOUTH

a moment to laugh . . . .  
and raise your eyes to the stars to hear  
the cold wind blow outside  
and feel a raindrop on the palm of your hand.

and a moment to stop . . . .  
and watch a sunbeam dance across your desk  
to think long, long thoughts  
and sigh at the years to come.

and a moment to be strong and sure . . . .  
but also uncertain  
and a little afraid.

but only for a moment . . . .  
.... a moment of youth.

Youth is a fleeting moment of joy in the morning of our lives, a moment quickly felt, stubbornly endured, and totally cherished.

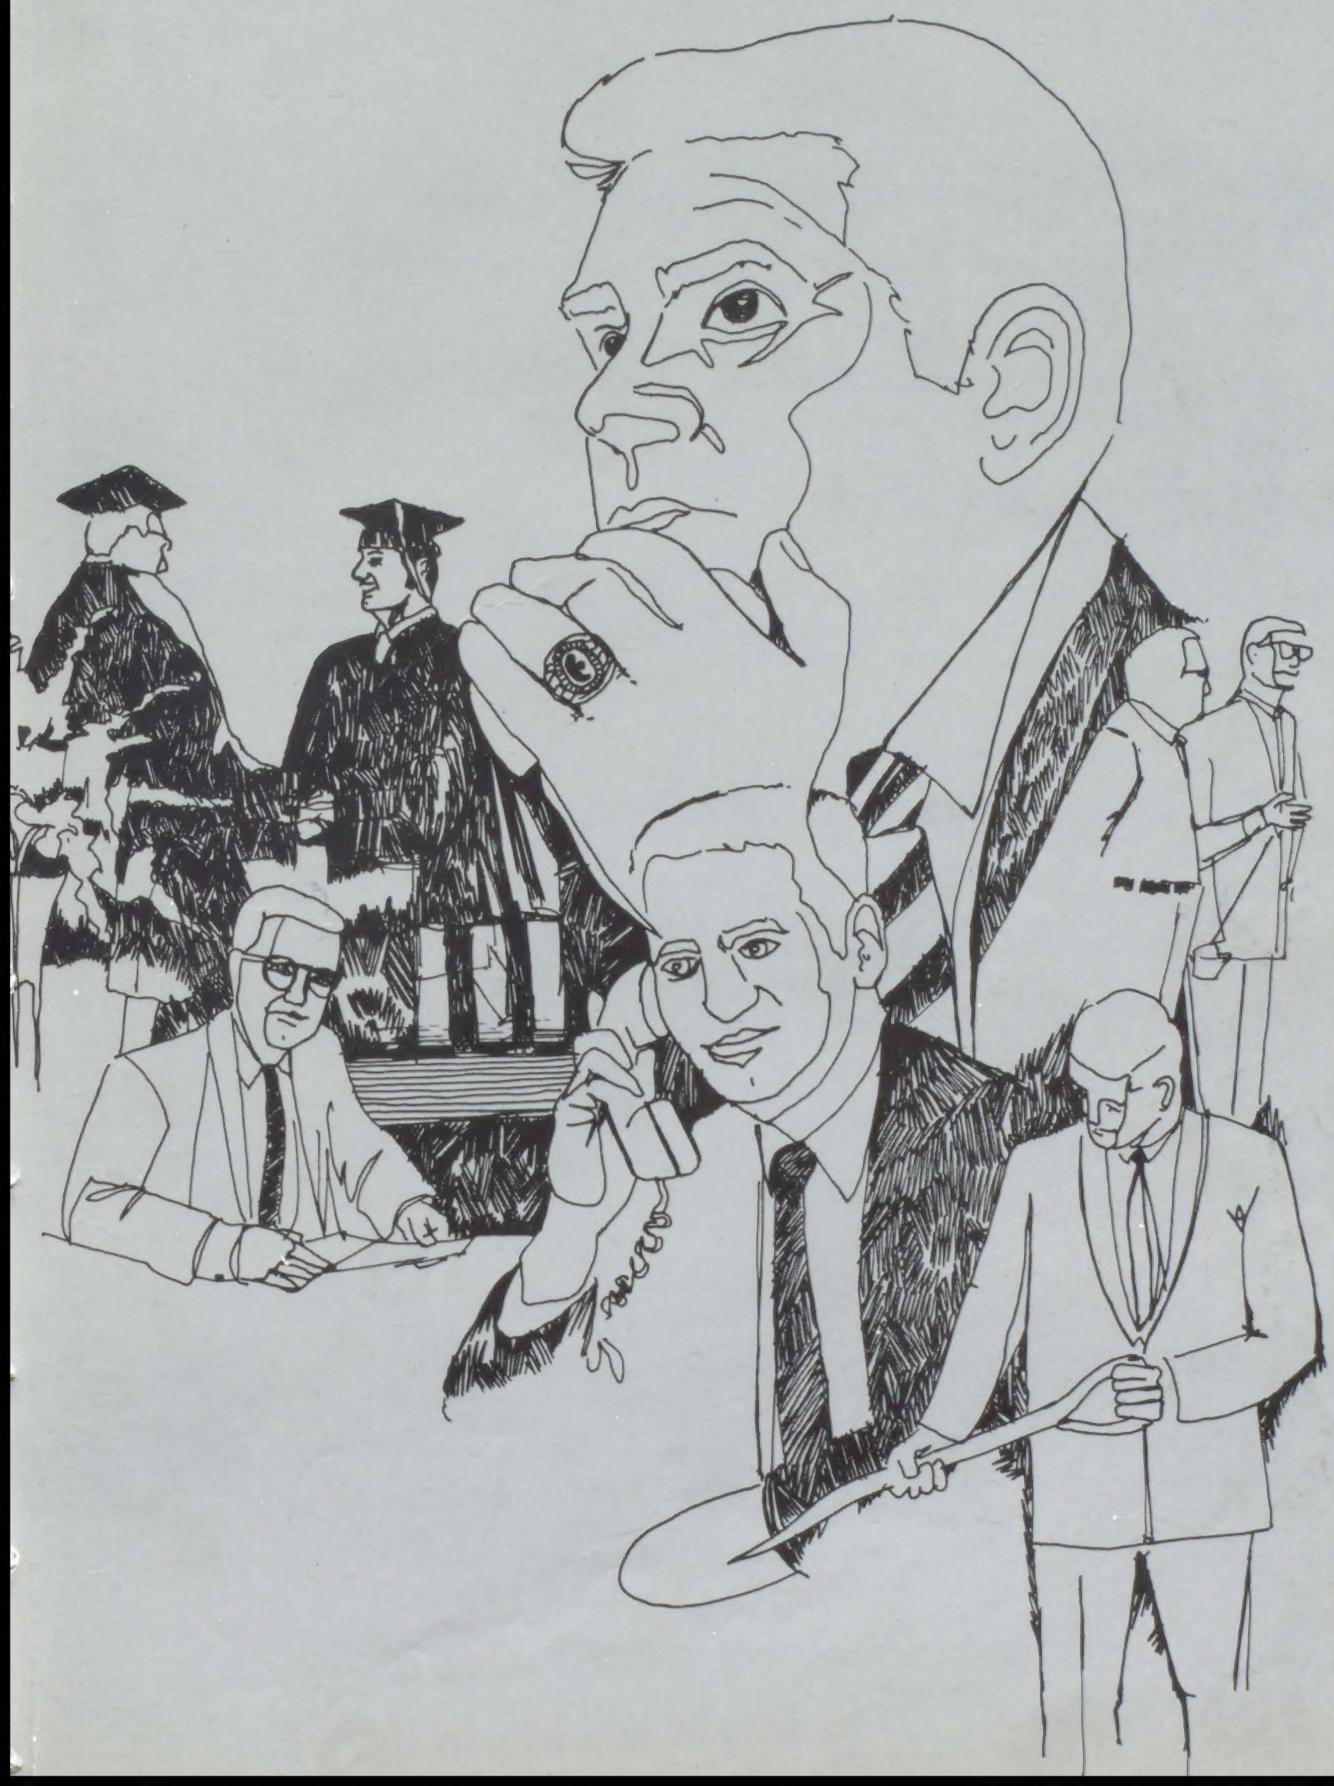

This is the time when we try to catch life; for youth, catching life is not difficult. His moment offers unlimited opportunities to learn about life. We find new fields of interests through our daily studies. Everywhere we go, we sense the importance of friendship. After school we experience the satisfaction of fulfilling our responsibilities, whether through our work on the football field, in the yearbook office, or at the corner store.

Many of us will be back next year to ponder our questions, endure our problems, and cultivate new friendships. Others of us will leave Hanover to undertake greater responsibilities, experience new challenges and increase our understanding of the world in which we live.

But we will never forget this year at Hanover High School, this fleeting acquaintance with sunshine and rain, dewdrops and frost—this . . . .

Moment of Youth.

# ADMINISTRATION AND FACULTY

## SUPERINTENDENT'S MESSAGE

To The Student Body:

We have completed another school year! Has it been a success or a failure?

We will never really know, unless as Socrates states we "Know Thyself." We have completed many subjects, activities, successes and failures. Have we become good citizens? Have we become a knowledgeable person? Are we ready to follow the three "R's" of Respect, Responsibility, and Righteousness?

Are we going to contribute to society or take from it? Only time will tell.

I wish the graduates success in the future and thank the students of our school for their cooperation in making our school year a stepping stone in our path toward fulfillment.

Mr. Mensendike

## PRINCIPAL'S MESSAGE

Each generation is faced with the new aspirations of youth while elders decry the ventures of tradition and the status quo. With much soul searching one must confess and give credit to our democratic society that the most agonizing of conflicts can be characteristic of the growth and development. When the future histories of America are written, it is possible that the new youth culture of today will have played a vital role in maintaining the moral and ethical aspirations of our Founding Fathers.
